Re: ASHRAE Webcast – Wednesday, April 21, 2010
“Right from the Start – Commissioning for High Performing Buildings”

Dear Gudmundur Hjalmarrsson:

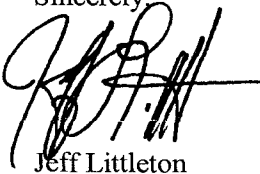

ASHRAE’s Chapter Technology Transfer Committee with support from ASHRAE’s High Performing Buildings Magazine, will present a free Webcast, “Right from the Start – Commissioning for High Performing Buildings,” on Wednesday, April 21, 2010. The webcast will provide tools to help you overcome the hurdles of Commissioning, learn the “What, Why, When and Who” of the process, and how you can make it “business as usual.”

The panel of experts will outline how Commissioning supports a smoother construction process, maximizes the quality and persistence of energy and cost reductions, and provides a facility that operates as it was intended.

Please see the brochure enclosed and visit www.ashrae.org/Cxwebcast for information regarding online registration, the webcast program, the presenters, and a media kit to assist with promotion. Contact ashrae-webcast@ashrae.org for more information.

Please join ASHRAE in promoting this webcast program by encouraging your membership to participate in this event.

Sincerely,

Jeff Littleton
